There are a few additional options while you are connected 'Modify' allows you to tweak your connection settings, 'New' allows you to setup a new profile and 'Disconnect' obviously disconnects.. In fact, disconnection is perhaps the only downside of this client - since connection is so fast, I don't understand why disconnection takes much longer and sometimes it can be frustrating hanging around for it to process the disconnection when you just want to shut down your Mac. <u>Big Crack Patt</u>
